The Phoenix

The 1959 PHOENIX has been compiled and edited for the teachers and students after many hard hours of work by its staff. We have tried to use these few pages to capture some of the golden events of our lives. These will be ours forever.

The Phoenix has an interesting history with which each of us should be familiar. The first successful attempt to have an annual for Denton School was made in 1934. Each senior prepared his own annual by glueing pictures and typewritten material on the planned pages. It resembled a scrap book with a paper back, more than an annual; but it was the beginning.

In 1941, THE HI-LIFE, which somewhat resembles our modern annual, was published with a hard paper back, with Mimeographed print, and photo-static reproduction of pictures. The HI-LIFE of 1942 was the same type, and the pages were still printed on one side.

The name of the annual was changed in 1943 to THE FEENIX as the result of a contest. The following editions of the FEENIX were improved, and in the late forties and in 1950 the FEENIX was published with a non-padded cover and with metal binding rings to hold the pages together.

The 1951 FEENIX was the first annual to have padded covers and sewn binding. In 1952 the title was changed to PHOENIX. According to the dictionary, "the Phoenix is a miraculous bird, fabled to live 500 years, to burn itself to death, and to rise again fresh and young out of its own ashes. Hence it is often an emblem of immortality."

The 1953, '54, and '55 editions of the PHOENIX were similar to the '52 edition, but each was improved. The 1956, '57, and '58 editions of the PHOENIX increased the number of pages and continued to acquire a more polished look.

We, the present annual staff, have strived to improve the appearance and contents. We sincerely hope that each succeeding senior class will endeavor to perpetuate this publication and will conscientiously strive to improve upon what we have done in this, our 1959 PHOENIX.

The Senior Class
of 1959

Foreword

True success belongs to the man who sets his goal high, travels always toward it, and refuses to be sidetracked, regardless of the cost.

Through the years of our life at Denton School we, the students, have developed our minds in knowledge and have formed priceless memories which will be ours forever.

Since, we, as seniors, have the privilege of presenting to you the 1959 PHOENIX, we have tried to preserve these memories in a manner which will be accurate and pleasing to members

of the student body.

In the classroom as we searched for knowledge, in the gym as we cheered our team, at social functions where we gave our gaiety free rein, we have learned to love our fellow-students, to admire the goals set for us by our faculty, and to respect the power of truth.

As each succeeding group attains our position, we feel sure they will realize how bitter-sweet the experience of editing an annual can be.

Senior Sponsor

We, the seniors, wish to express our appreciation to Mrs. Smith for her guidance in the past years. She has been both a teacher and a friend - sharing with us the many experiences of being a senior.

In the years to come, we will always remember Mrs. Smith for her lasting patience and willingness to cooperate with us with our numerous problems as well as with our leisure hours.

Again we say "thanks" to one of the most wonderful persons we know

Class History

As I look back to September 1955, I recall sixty-two excited freshmen who had eagerly anticipated entering Denton High School. We were guided through our freshman year by Mr. A. M. Snider and Mr. Charles Sink.

Although our number had diminished by our sophomore year, those of us who did return felt more self-confident because we were now called "upperclassmen." Mr. A. D. Cannon and Mrs. Margaret Paschal were our class sponsors. This year most of us had fun dissecting frogs in Mr. John Huffman's biology class.

Our long-awaited junior year was filled with exciting activities. We were helped by Mrs. J. E. Rogers and Mrs. Margaret Paschal. First of all we elected as our class president, Gene Loflin. Then, new Beta Club members were tapped. Our junior play, Tattle Tale, was very successful. The second semester we received our class rings which we displayed proudly. The Junior-Senior Banquet, "An Evening in Paris," was enjoyed by everyone attending. The social year closed with our participation in Class Night. As we watched the seniors receive their diplomas and walk down the aisle, our hearts were filled with pride as we realized that now we stood in their places.

We have now reached the climax of our four years at Denton High School. There are thirty-nine of us who hope to achieve our goal -- graduation. Brad Lomax, our class president, and Mrs. Jack Smith, our sponsor, have guided us through many memorable events.

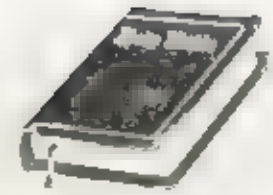

We, the Seniors of '59, wish to express our thanks and gratitude to Mrs. Smith for the wonderful support and guidance she has given us throughout this last year. We hope that Mr. Jones and the faculty realize our appreciation for their help and understanding in the past four years.

Senior Statistics

In our 1959 PHOENIX we have gathered a few of the interesting facts regarding the graduates.

The senior girls average 5'5" in height, and 118 pounds in weight. Their eyes vary from green to brown. They have various shades of brown hair. On the whole, they like boys with black or blond hair.

The senior boys average 5'9" in height; and in weight, 155 pounds. Blue seems to be the color of their eyes; and brown, the color of their hair. They are not too particular about the color of girls' hair.

The seniors have a number of enjoyable activities. Almost everyone agrees that basketball is his favorite sport. The Dick Clark Show takes preference over other television programs. Dating and movies are combined to make another fun-filled pastime, with Bridgette Bardot and Jeff Chandler being the most-talked-about movie stars.

Their favorite foods are steak and French fries. For some of the seniors, school days are over; but for many of us, college, business school, or nurses' training will fill the next few years.

Class Poem

We entered small children
Reluctant and shy,
Ready to learn . .
"No, no," we sighed.

But the years have passed on,
With the greatest of ease,
Learn we have tried,
With reluctance all-ceased.

Our teachers have led us,
Through turmoil and strife
From the hard facts of learning
To the better ways of life.

Those children have vanished
We're here in their place,
The future that's waiting
Courageously we'll face.

Jerry Tillotson

Class Song

(To tune of "I Love Those Dear Hearts and Gentle People")

The time has now come
When we must leave you, . . .
We've had our problems and fun.
But in the meantime
We must go forward;
Because our life has just begun.

Chorus:
We leave our teachers,
They've helped us all the way.
So, it's with grief and sorrow,
Now that we must say:

Good-by to Denton
Our dear old high school;
We hope it grows from day to day.

Class Prophecy

May 20, 1979

The first rays of the rising sun reach out and like delicate, pink fingers touch first the skyscraper on the corner which houses the bank with the many offices climbing high into the air over it, next the church steeples which seem to reach upward to meet the sun then the stores, factories, schools, homes and finally down to the streets of Denton-Denton, once the little town with the big heart, now the big town, but still with the big heart.

The sun seems brighter and warmer today. This is the day of the 20th anniversary of the graduating class of 1959.

As I glide down the superhighway toward town, I hear a siren screaming. Stopping hurriedly, I look around and see a patrol car with Richard Hall at the wheel and close behind him is an ambulance driven by Robert Lottin. As they flash by, I recognize Bobby Talbert in his uniform attending the patient. Later I learned that Ashley Garner's leg had been broken when one of his race horses threw him but Dr. Johnny Griffiths fixed him up in time for the party.

Nearing the city limits I see Rose & Ridge's new restaurant. It is operated by Pallie Rose Cook and Pally Ridge and is one of the biggest and prettiest restaurants in the South.

I am almost run off the road by a 1979 Mercury which whizzes by me. I recognize Ralph Gallimore, owner of a large dairy farm.

Stopping at a garage just inside Denton I find Brad Lomax and Lanny Grubb. Brad runs the service station, and Lanny works in the garage, rebuilding antique cars. One of his prize jobs is a 1940 Ford truck, which looks vaguely familiar.

After filling my car with their atomic gas, I start down the street. Passing the Rearb, Soebuck & Company building I see DeWayne Snider and his two secretaries, Frances Rash and Rachel Gallimore, going into the building. DeWayne is now the president.

Riding on I see Dewey Bean, now the owner of a large taxicab service, with him is his secretary, Brenda Wright.

At the end of the street I see Earl Wayne Seabolt's self-service barber shop where the customer sits in a luxurious chair, adjusts a hood over his head, presses a button and gets the haircut of his choice. I understand Earl Wayne's automatic shaver is almost perfected.

Kathryn Surratt's beauty and slenderizing salon is next door with Ila Hedrick and Pat Allen in charge of the magic slenderizers.

After driving around town for awhile, I decide to go out to the airport to watch some of the class members arrive. As I pass the Ed Hill Memorial Hospital I see a group of nurses entering. Why, there are Lorene Loftin, Betty Connell, and Linda Morris! They must be getting ready to leave for the old Denton High School.

When I arrive at the airport I find my old friend Vernon Misenheimer, who owns Small Aircraft Rental Service, renting planes to people who travel across the river and other places. As I am chatting with Vernon there is a squeal of brakes and we turn to see Kay Morris stepping out of her new racer - a Ford of course - still excited over winning for the fifth year at Indianapolis.

While walking up to the control tower, I see Tony Surratt, who owns the Denton paper. He tells me the circulation has increased to over 100,000.

David Fine is owner of the airport, and his assistant is Carleen Bean.

As I reach the tower a large jet airliner lands. Jerry Tilotson who operates a large publishing firm in New York City, is the first to step off. Next is Bonnie Snider, a bareback rider with Freeman Brothers' Circus. Leon Snider follows. Leon's name will always live in history because of his trip in the first rocket to the moon. After Leon, comes Evangelist Larry Daniel and some of his team of Crusaders.

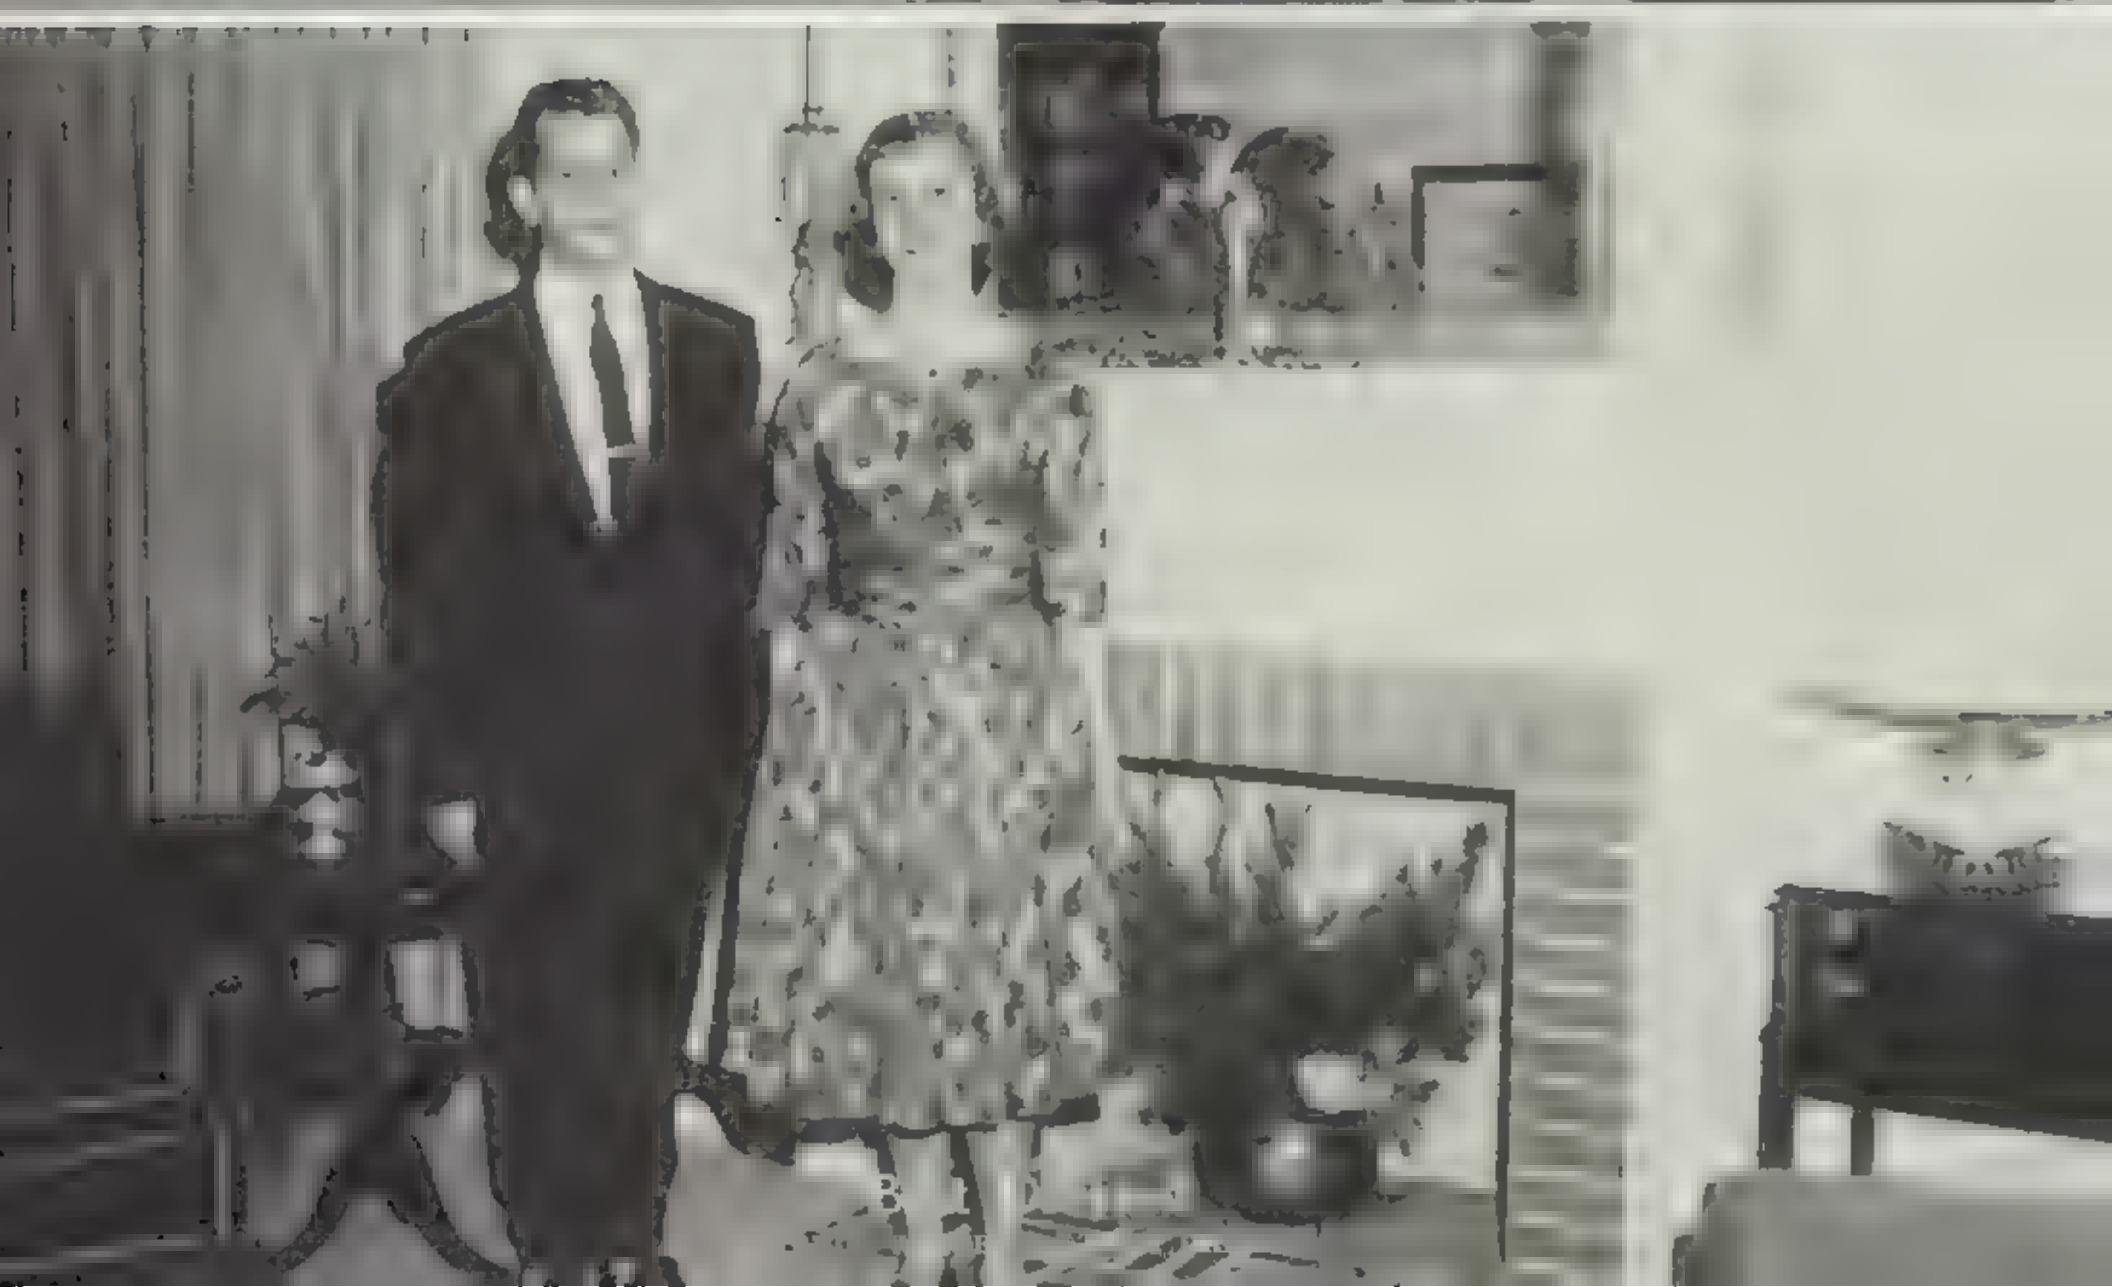

The two hostesses on the plane, Shervia Davis and Pat Frank, come down the steps joking with the pilot, Eugene Loflin, and the co-pilot. Richard Snider is right behind them.

I see that it is time to go to the old school, and the Superintendent of City Schools, Billy Smyth, and two of the teachers, Nancy Smith and Elizabeth Glover, are there to greet us at the door.

Now most of us are here - wait! Here comes Mrs. Sara Smith, still driving her beat-up 1968 Plymouth.

Now it is time for the party to start. And as soon as it is over, I have an appointment with a forest. For twenty years I've been trying to figure out where most of the tree is found, above ground or below it.

JUNIORS

The junior class of 1969 has been caught in a haze and hum of busy activity ever since school started. Let us look at the priceless memories of our eventful year.

Under the leadership of our capable sponsors, Mrs. Frank Perry and Mr. A. D. Cannon, the class elected its officers: president, Diane Smith, vice-president, Ronja Newsum, secretary, Ann Griffin, treasurer, Bonnie Hardy. The class accomplished a great deal under the leadership of these exceptionally fine leaders.

The first of the junior projects was to make enough money to give the seniors a banquet that would be the talk of Denton High for years to come. With some hard work be-

hind us, and a great deal before us, we concentrated on a little fun. Our Christmas dance party a success in spite of the snow and cold.

After exams those who were eligible ordered class rings. Soon the class was caught in a whirlwind of activity preparing for our play, It's Great to be Crazy, and the Junior-Senior banquet. With the soft music from a swaying combo in atmosphere of a romantic beach on one of the beautiful islands of Hawaii was created. Our hard class rings long awaited, still represent a time filled with busy activities, big problems, a lot of work, many accomplishments, and numerous happy memories of our junior year at Denton High School.

Coach Bob Rankin

Mr. Rankin, although he began the season with two young, inexperienced teams, has, through his hard work and fine coaching ability, developed them into excellent ball clubs.

A fine gentleman and teacher, he is admired by fans and students alike.

We, the seniors, hope that his future years here will bring him much success.
